

River Oak
Center for Children

June 19, 2006

Tani Conidaris
Sacramento Association of Health Underwriters
P.O. Box 3355
Citrus Heights, CA 95611

Dear Ms. Condiaris:

River Oak Center for Children is approaching an exciting milestone of its organizational development – forty years of service to the community. We would like to take this opportunity to thank your association for supporting the children of River Oak. Your most recent contribution of \$5,000.00 for the Residential Program Summer Camp, \$500.00 for Family Advocate Program, \$500.00 for WRAP Program, \$500.00 for books for the Birth & Beyond Program, and \$500.00 for sun screen for the children in the Residential Program, will strengthen the agency's ability to provide needed prevention and treatment services to the children in our care.

From the first program – residential services to severely emotionally disturbed children in Sacramento – to the wide range of programs we currently have, the agency has grown to become a leading provider of mental health and behavioral services to children (birth to 18) and their families in crisis. River Oak was awarded accreditation by the Joint Commission for Accreditation of Health Care and Behavioral Organizations in October of 2003. We also serve as the training site for UCD Medical Center's second year psychiatry fellows. We are also the only local children's agency that has been fully accredited as a pre-doctoral internship training by the American Psychological Association. All of our accomplishments are focused on being able to better serve the children of our community.

In the course of these forty years, River Oak has increased the number of staff and service sites. Through its variety of services, it currently touches the lives of 2,000 children and their families annually. Our programs are based on best practice models and produce life-changing results for our clients.

We were able to accomplish all that, thanks to the support of people like you, who have donated generously throughout the years. The health and the prosperity of the community can be improved only through the individual acts of involvement of all its members on behalf of the troubled and disadvantaged.

Thank you for being River Oak's friend, supporter, and part of its success as it continues to rebuild lives and give hope. We would be very pleased to offer you a tour at your convenience.

Sincerely,

Mary C. Hargrave, Ph.D.
President and Chief Executive Officer
